

Date: 28th February 2019

Dear Parents and Carers,

World Maths Day – Wednesday 6th March

We are getting excited about World Maths Day and the teachers have been busy planning lots of exciting and enriching activities.

To celebrate this special day, they can come into school wearing a 'maths' hat along with their normal school uniform. This can be an existing hat with numbers, shapes and patterns on it or, if you are feeling creative, you can make an original maths hat. Please see some the examples below for inspiration.

Get your thinking hats on!

Yours sincerely,

Mrs Allin
Maths Subject Leader
