## News Roundup

Welcome to what will be our last newsletter as we know it.

Do not worry though, we will still be keeping you up to date with everything that is happening in school via our new Weduc App.

You should have had a letter about the new app and a lot of you have already signed up and are using it.

Weduc will keep all your school information in one place—diary dates, trip information, letters home and news updates. There will be no more need for letters stuck on the fridge or lost in the bottom of bags. The information you see will be tailored to your own child(ren), making it more efficient and useful.

The new app also allows you to give consent for trips and events simply by doing one click and we are planning to eventually use it to take on line payments.

If you have not received enrolment instructions and an activation code, then please contact us. In September we shall stop using school comms and weduc will be our main form of communication.

We are very excited about the app and we have already had some great feedback from parents who have signed up. If you have not already seen it, why not sign up now so that you can familiarise yourself with the different parts of the app over the summer break?

## Pi and Sports-Bot

Even without our fortnightly newsletters, Pi, our maths mascot and Sports-Bot, our PE mascot will still be setting you challenges! Look out for them in the new weduc app.

Thank you to everyone who emailed in their maths challenge answers to Pi this year. The children who answered the most questions correctly were:

EYFS — Ayla

KS1—Lion Class (group entry)

KS2—Sam P

Well done to you all - Pi is off to the shops and will send a prize to your classrooms.

## Beat the Street

School may be over for the year on Tuesday, but Beat the Street will carry on until 31st July.

Don't forget to keep active and use your fobs and cards where you can.

The winning school will receive a prize and we are very close to the top of the leader board.

We have all loved taking part in this initiative. Thank you so much for your support— we can tell that you and the children have had lots of fun too.
